### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The present application relates to an apparatus, method and system for transferring correction information among a plurality or set of physical objects. The claimed invention sets forth, among other features, calculating a plurality of correction factors computing a reference position of each among the set of physical objects; and computing a supplemental position of each among the set of physical objects, wherein each among the correction factors is based at least in part on a difference between a corresponding reference and supplemental positions. The correction factors, according to claimed invention, are arranged and outputted in a predetermined order. The aforementioned limitations and arrangement thereof are not taught in the prior art. In light of the foregoing, the claims of the present application are found to be patentable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jacques H Louis-Jacques whose telephone number is 703-305-9757. The examiner can normally be reached on M-Th 6:30 AM to 5:00 PM.
